FLORA PUBLIC LIBRARY

PRESS RELEASE

LIBRARY ANNOUNCES CHANGES IN DOWNLOADABLE EBOOK SERVICES!

March 15, 2016

Flora Public Library is delighted that patrons are using our services as their source for eBooks and audiobooks. The library is happy to announce that the Cloud Library has been chosen as the exclusive platform for eBooks and downloadable audiobooks!

If you are already using the Cloud Library, you know that it is very easy to use. For those of you who are new to the Cloud Library, please visit **ebook.3m.com** to get set up or grab our general how-to brochure. We think you will love it!

Titles that were purchased for Overdrive will soon be transferred to the Cloud Library!! You can look forward to an expanded selection of eBooks and downloadable audiobooks all in one easy-to-use place!

The Cloud Library is compatible with many devices including: Apple devices, Android tablets and phones, Kindle Fires, PC and Mac (laptop or desktop) computers, (transfer to your Nook or Kobo eReader). Please note that the basic Kindles (non-Fire Kindles) do not work with the Cloud Library.

If you have been using Southern Illinois Libraries on the Go (Overdrive) through the Flora Public Library, please be aware that this service will be discontinued on April 1, 2016. We sincerely regret any inconvenience this may cause.

It's very easy to sign up for and use the Cloud Library, but if you find that you need a little help, simply stop in or contact us for one-on-one assistance.

Phone: (618) 662-6553 |Email: florapl@florapubliclibrary.org

Happy reading & listening!
